INFORMATION DISCLOSURE STATEMENT

Dear Sir:

Applicants submit herewith the references on the attached Form PTO-1449. Copies of the cited U.S. patent references, U.S. published application references and pending U.S. application references are not enclosed as the Applicants believe that they are available to the Examiner via the PTO's internal database. Copies of the aforementioned references can be provided to the Examiner upon his/her request. Copies of all other cited references are enclosed herewith.

This Information Disclosure Statement is being filed under 37 C.F.R. § 1.97 (b) (3), before the mailing of a first Office Action on the merits, therefore no fee is due.

The filing of this Information Disclosure Statement shall not be construed to be an admission that the information cited in the statement is, or is considered to be material to patentability. Applicants reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application. If it should be determined that any of the listed documents constitute prior art under United States law, Applicants reserve the right to

present to the Office relevant facts and law regarding the significance of such documents to the patentability of the claimed invention.

It is respectfully requested that the Examiner initial and return a copy of the attached Form PTO-1449 with the next Patent Office communication.

No fees are believed to be due in connection with this submission; however, please charge any fees that might be due to Deposit Account Number 08-0219. If there are any questions, the Examiner is invited to call the undersigned at the telephone number indicated below.

Respectfully submitted,

Date: 12/15/04
